

Position Title: Assistant/Associate Professor in Mathematics Education
Department: Curriculum and Instruction

Description of duties, responsibilities and qualifications:

The Department of Curriculum and Instruction in the Reich College of Education at Appalachian State University invites applications for the following nine-month tenure-track position at the rank of Assistant or Associate Professor beginning in August 2019.

Qualifications for the position include the following:

- Earned doctorate (ABD considered) in Mathematics Education, Curriculum and Instruction, or closely related area;
- Ability to teach mathematics education in the undergraduate and graduate elementary programs.
- Record of teaching experience required; special consideration will be given to those who have teaching experience at the public school and university level;
- Evidence of scholarly potential required, special consideration given to those who have an established record of scholarship/creative activity;
- Commitment to working in a community of practice, to a social constructivist perspective of teaching and learning, to the integration of field experiences in professional coursework, and to working with diverse populations;
- Eligibility for North Carolina teaching licensure.

Primary responsibilities include teaching mathematics education courses at the elementary undergraduate and graduate levels, with the possibility of teaching mathematics education courses in middle and secondary level programs. In addition to the primary responsibilities, there will be an expectation to teach additional curriculum and instruction courses when needed, which are not specific to mathematics education. Other responsibilities include, but are not limited to: participating in partnerships with area schools, teaching at off-campus sites, and/or teaching on-line. Salary commensurate with qualifications and experience.

Appalachian State University is a member institution of the sixteen-campus University of North Carolina. Located in Boone, North Carolina, the university has approximately 18,000 students, primarily in bachelor's and master's programs in both liberal arts and applied fields. Appalachian has both a traditional residential campus and a variety of distance education programs. Additional information about the Department of Curriculum & Instruction, the university, and the surrounding area is located at: <http://www.appstate.edu>

Applicants must send a complete electronic application consisting of a letter of application, vita, unofficial graduate transcripts, and names and contact information of five professional references as pdf or word documents. Applications should be sent to Dr. Chrystal Dean at deanco@appstate.edu and indicate "mathematics education position" clearly in the subject line. The initial review of complete applications will begin October 22, 2018 and will continue until the position is filled.

Appalachian State University is an Affirmative Action/Equal Opportunity Employer. The University does not discriminate in access to its educational programs and activities, or with respect to hiring or the terms and conditions of employment, on the basis of race, color, national origin, religion, sex, gender identity and expression, political affiliation, age, disability, veteran status, genetic information or sexual orientation.

We at Appalachian State University are committed to Diversity, Equity, and Inclusive Excellence both locally and globally. A diverse campus community supports an influx of broad and distinct ideas that increase learning opportunities and strengthen the impact of our community as we work collectively to achieve an equal experience for all. We are committed to creating a culture of equitable opportunity for all, one that has an expectation of fairness, justice, and equity-minded practice at all levels of the university community.

Individuals with disabilities desiring accommodations in the application process should contact Dr. Chrystal Dean. Any offer of employment to a successful candidate will be conditioned upon the University's receipt of a satisfactory criminal background report. Proper documentation of identity and employability will be required before the hiring process can be finalized.
