

## **Job Posting: Assistant/Associate (Tenure-Track) Professor of Teacher Education, Mathematics at the University of Illinois Springfield**

**Category:** Faculty

**Title:** Assistant or Associate Professor, Teacher Education/Math Methods (110003)

**Location:** Springfield, IL

**Close Date:** 10/31/2019

**Application Link:** <https://jobs.uis.edu/job-board/job-details?jobID=110003&job=assistant-or-associate-professor-teacher-education-math-methods-110003>

**Start Date:** August, 2020

### **Description:**

The Department of Teacher Education at the University of Illinois Springfield (UIS) is looking for a dynamic, highly-qualified **Assistant/Associate (Tenure-Track) Professor of Teacher Education, Mathematics to begin August, 2020**. The Illinois State Board of Education approved Teacher Education program seeks to expand our programs and diversify our teacher candidate pool. We invite applicants who are interested in joining our team of individuals dedicated to high quality teaching and concerned for personal growth and well-being of faculty, staff, and student members of the Teacher Education community. This is a full-time on-campus position. UIS tenure-system faculty are expected to be available and engaged in the campus community, with assigned responsibilities for teaching, scholarship, and service.

### **About UIS:**

Located in the state capital, the University of Illinois Springfield is one of three members of the University of Illinois system. UIS serves approximately 5,000 students in 22 graduate and 30 undergraduate programs. The academic curriculum offers students a strong liberal arts core, a wide range of professional programs, and close faculty interaction. Making the most of its location in the state capital, UIS is broadly engaged in public policy and service. Its diverse student body includes traditional, non-traditional, and international students. Twenty-five percent of majors are in 27 undergraduate and graduate online degree programs and the campus has received several national awards for its implementation of online learning. UIS faculty are committed teachers, active scholars, and professionals in service to society. You are encouraged to visit the university web page at <http://www.uis.edu> and the department web page at: <http://www.uis.edu/teachereducation>.

**Duties:**

The preferred candidate will have demonstrable experience with the Common Core Standards, culturally relevant pedagogy, data-informed assessments in a K-12 setting, the Danielson Framework for Teaching, and the edTPA. The ideal candidate will be able to demonstrate a strong teaching record at the K-12 and/or college/university level. Areas of teaching assignments could include (but are not limited to) teaching methods of mathematics at the elementary, middle grades, and secondary levels. For example: Teacher Education Math Methods courses: TEP 401 TEP 424 TEP 428 TEP 436. Programs in the Department of Teacher Education emphasize innovative, high-quality teaching, school and community engagement, and the affirmation of multiculturalism and diversity. Candidates should expect to address their qualifications in these areas as well. The general teaching load is three courses per semester. Summer teaching may be available, depending on enrollments, curricular needs, and funding.

**Qualifications:**

Initial criteria for this position include a doctoral degree from an accredited university in Education, Mathematics Education or a related field (or ABD), a minimum of five full-time years of classroom teaching experience in a K-12 setting, teacher licensure/teaching certificate in the math content area in Illinois or another state, successful experience working with diverse K-12 learners, and successful experience utilizing technology innovation in the delivery of course materials.

Preferred qualifications include experience teaching at the college/university level, experience teaching pre-service and/or in-service teachers, experience teaching in online and/or hybrid environments, strong record (or promise) of scholarship in mathematics education and/or teacher education, and record of service (or ability to serve) to department, college, university, profession, and community.

**Application Process:**

Select the "Apply for Position" button at <https://jobs.uis.edu/job-board/job-details?jobID=110003&job=assistant-or-associate-professor-teacher-education-math-methods-110003>, create or update your profile, complete the online application, and upload a letter of application addressing the responsibilities of the position and curriculum vitae, and the names and contact information (email address and phone number) for three professional references. Only those applicants who complete the online application and upload all required materials by the October 31, 2019 application deadline will be considered; incomplete applications will not be evaluated. To

maintain the integrity and confidentiality of the search process, applicants are asked to upload their own materials. Review of applications will begin on November 1, 2019 and will continue until the position is filled or the search is terminated.

*UIS is an affirmative action/equal opportunity employer with a strong institutional commitment to recruitment and retention of a diverse and inclusive campus community. Women, minorities, veterans, and persons with disabilities are encouraged to apply.*

**The University of Illinois may conduct background checks on all job candidates upon acceptance of a contingent offer of employment. Background checks will be performed in compliance with the Fair Credit Reporting Act.**

UIS employment in this role is not covered by Social Security, and instead, is covered by the State Universities Retirement System.

- You don't pay Social Security taxes and your earnings won't be on your Social Security record. (Your record will, however, show your Medicare wages.)
- Your pension from the State Universities Retirement System may affect the amount of your Social Security benefit and Social Security benefit as a spouse.
